Exhibit A

Good afternoon everyone,

I hope you are all having a great day. Attached to this email you will find a letter I have written to our students outlining a second grant program Unitech will be administering on behalf of the federal government. We are happy to help administer funds to our students in order to ease any burdens brought on by COVID19. I am writing you today in an effort to ensure communication for this process. It is important you know what is going on in case questions should arise. Many of our students will qualify for the grant in some amount, and if you should field any questions, feel free to advise them to reach out to your campus Financial Aid Officer or your Director. The attached letter spells the process out, but if you should have any questions, I will also advise you to reach out to your Campus Director. Thank you all for continuing to do great work as we transition into our new schedules.

Dear Unitech Students,

First and foremost, I would like to extend some hearty congratulations on working diligently towards your educational goals while the world has been going through a global pandemic. Your health and safety, as well as our staff's, have been our top priority. I am proud of the job everyone under the Unitech umbrella has done to change the way we work moving forward. Although impressive, I know it has also been challenging to adjust to the new normal, and that can result in some financial difficulty.

With that being said, Unitech is qualified as an institution able to distribute a third disbursement of grant funds to our students in order to help ease some of the financial burden brought on by COVID-19. These funds come as part of an extension of the Higher Education Emergency Relief Fund II administered under the American Rescue Plan (ARP).

The qualifications for the HEERF III grant is less restrictive so more students are eligible for the grant. Below are the qualifications:

- Active Student as of 1/24/2022
- U.S. Citizen or Eligible Non-Citizen
- Has need in relation to any component of the student's cost of attendance or for emergency costs that arise due to coronavirus, such as tuition, food, housing, health care (including mental health care) or child care.
- Does not have to be Pell eligible
- FAFSA completion is not required

There will be three levels of grant award amounts based on the student's Expected Family Contribution (EFC) score on their 2021 - 2022 Student Aid Report (FAFSA). Below are the three levels:

- \$1,225.00 awarded to Pell Grant eligible Full Time students.
- \$1,120.00 awarded to Full Time students that have an Expected Family Contribution (EFC) outside the Pell Grant parameters
- \$695.00 awarded to Full Time students that were eligible but did not file a FAFSA.

Each student will be contacted by their campus administration to receive and sign for their grant check. (Online students will be contacted by phone or email).

Checks will begin being mailed to the first campus next week on a campus-by-campus basis. We will begin with the Alexandria campus and will move alphabetically through a campus each week until all HEERF III funds are disbursed.

We are all inspired by the hard work you are putting in and appreciate your drive to graduate despite any and all adversity. If you should have any questions about the process outlined above, please do not hesitate to contact your campus director.

Thank you,
